RCM-XXX

Wireless Single Room Keypad

What is the RCM?

The RCM is a wireless battery-powered keypad for transmitting Rako commands to wireless receivers such as the RMT-500 or RDA-800.

Available in a wide range of button configurations to control lights, blinds, and audio, the RCM provides a versatile solution to suit the needs of all room sizes.

The RCM is programmed using dip switches on the back of the unit and advanced programming features are available to further customise the functionality of the RCM.
RCM Button Layouts

RCM-070	RCM-020	RCM-100	RCM-041
