

Datasheet

RCE-WDGE

Free-standing Mount Adapter

What is the RCE-WDGE?

The RCE-WDGE is a freestanding mount adapter designed to integrate with the RCE-CLASSIC-SB, enabling the RCM and RNC keypads to be used as a handheld device.

NB

The RCE-WDGE requires an RCE-CLASSIC-SB pattress.

Available Finishes

RLH coverplates are sold separately which can be used on the RCE-WDGE and RCE-CLASSIC-SB, the part codes are:
